Subject: RE: Herbert letter

I just talked to Alan Matheson. Let him know we were still working with OMB to get the FIP out for proposal, but also were mindful of the time left to get that done.

Alan said that the Gov's letter was intended to reiterate the State's desire to be a part of the discussions around the FIP, particularly in light of the Tribe's possible establishment of a working group to work through outstanding issues, and given that the State may not be a direct participant in that working group.

Alan, also said that they have heard from industry that, although we may have attempted to craft the FIP in a way that was intended to be on par with the State's requirements, industry believes we have missed the mark in some respects and would like to see revisions.

Alan was very appreciative of the call and of EPA's ongoing communication and coordination with the State.

Any suggestions on what we say to Herbert?

Janet,

See attached letter from Gov Herbert re U&O FIP.

Have you heard any more from Dom? Might be worth forwarding OMB this letter, but

We just got another letter from Gov. Herbert on the Uintah FIP. He sent the most recent letter in Sept. 16 that we closed without sending a response because the region had been in contact with his office about it. How do you want to handle this one?
